

STACCATO Fire Pit
Designed by Mangrove Studio

Mangrove's Courtyard Collection launches with three beautiful designs made to bring people, and space, together. Conversations, laughter, connection, memories, traditions, and being together.

Staccato, a timeless architectural form, is both grounded in history and elegantly modern. With rich character and detail, the fluting creates a rhythm of light and shadow, reflecting the permanence of an aesthetic which has endured time. Stable, and carefully crafted, the top surface is polished, on a base made to elevate every detail.

Materials

Architectural-grade, ASTM freeze/thaw tested. High performance Type 1L concrete.

Color Options

Limestone and Charcoal. Color is integrated directly into the concrete during manufacturing.

Burner & Ignition

Crossfire 2.0 burner, ETL certified, lifetime warranty. Match lit or cobalt low voltage.

Fuel & Infill

Available for natural gas or propane. Confirm when ordering. Rolled lava stone infill.

Installation

Professional install required. Not suitable for wood burning. Lead time 4-6 weeks.

Shipping, care, & returns

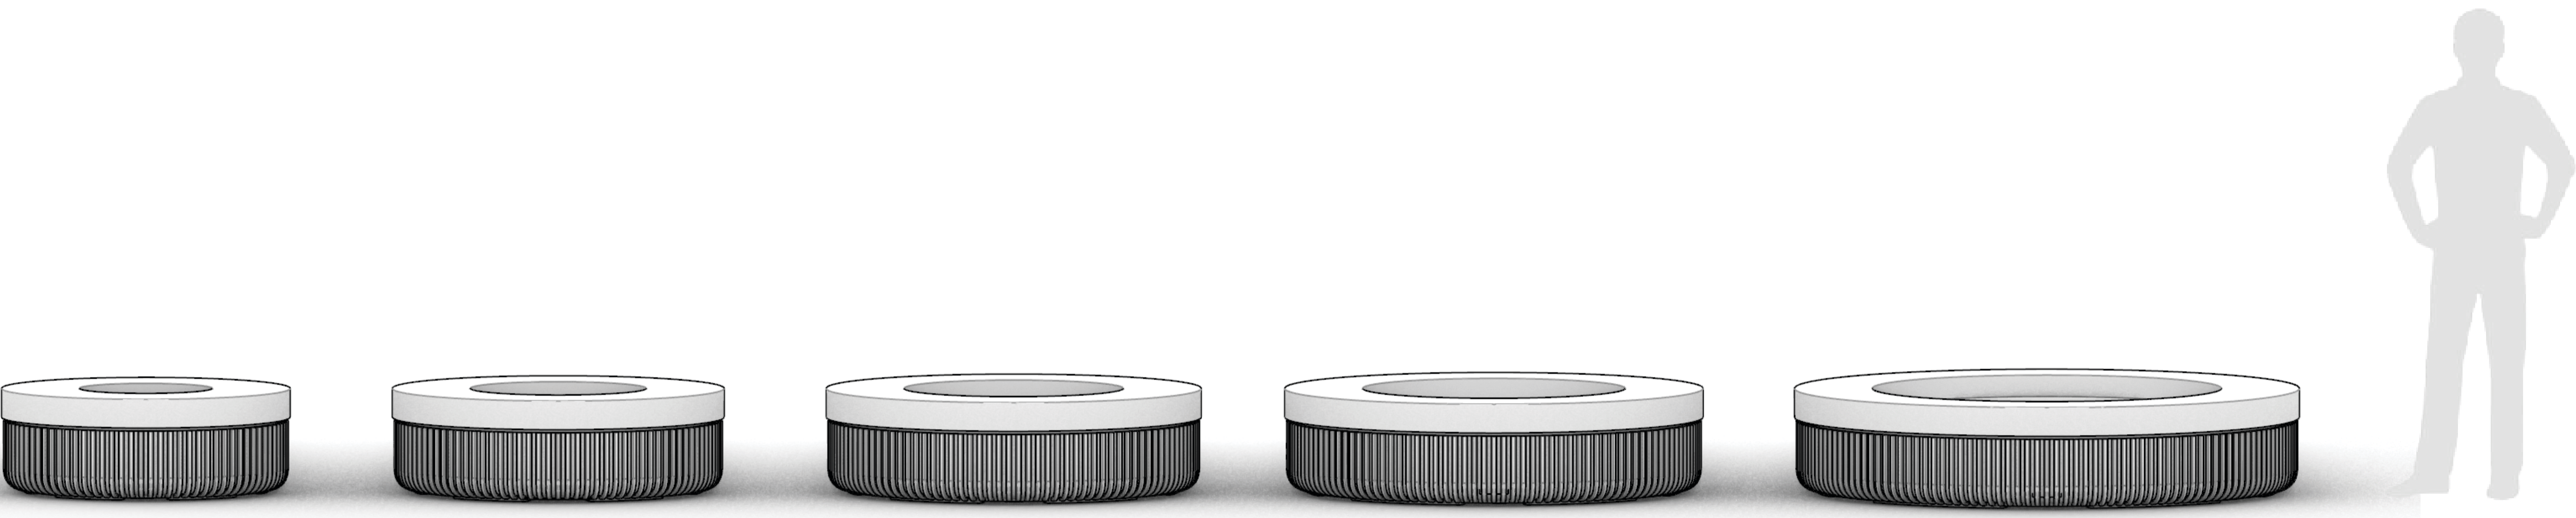

Architectural-grade, ASTM freeze/thaw tested. High performance Type 1L concrete.
